INDEPENDENT AUDITOR'S REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF RED SEA INTERNATIONAL COMPANY (A SAUDI JOINT STOCK COMPANY)

Introduction:

We have reviewed the accompanying interim condensed consolidated statement of financial position of Red Sea International Company ("the Company") and its subsidiaries (collectively referred to as "the Group") as at 30 September 2020, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three and nine month periods ended 30 September 2020, and the related interim condensed consolidated statements of changes in equity and cash flows for the nine month period then ended, and a summary of significant accounting policies and other explanatory notes. Management is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review:

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial statements consists of making inquiries, primarily to persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion:

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 endorsed in the Kingdom of Saudi Arabia. ي ويونغ وشركاهم محاسبون وز

These interim condensed consolidated financial statements are prepared using historical cost convention except for employees defined benefits for which the actuarial present value calculation is used.

3 SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Group's interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The outbreak of novel coronavirus ("COVID-19") since early 2020, its spread across mainland China and then globally caused disruptions to businesses and economic activity globally including the Kingdom of Saudi Arabia and the declaration of this pandemic by the World Health Organization necessitated the Group's management to revisit its significant judgments in applying the Group's accounting policies and the methods of computation and the key sources of estimation applied to the annual financial statements for the year ended 31 December 2020. Whilst it is challenging now, to predict the full extent and duration of its business and economic impact, the Group's management carried out an impact assessment on the overall Group's operations and business aspects including factors like supply chain, travel restrictions, oil prices, product demand, etc. and, as of the issuance date of these interim condensed financial statements, no significant changes are required to the judgements and key estimates. However, in the view of the current uncertainty, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future periods. As the situation is rapidly evolving with future uncertainties, management will continue to assess the impact based on prospective developments.

4 NEW AND AMENDED STANDARDS AND INTERPRETATIONS

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2019, except for the amendments that have to be mandatorily applied from 1 January 2020. The Group has not early adopted any other standard, interpretation or amendment that has been issued but not yet effective.

Several amendments and interpretations apply for the first time in 2020, but do not have an impact on the interim condensed consolidated financial statements of the Group.

6 TRADE RECEIVABLES

In 2016, the Group filed a legal case in Houston, Texas, USA against one of its customers, its subsidiaries and its directors (for the construction of a camp facility based in Angola), demanding repayment of receivable balances due from this customer. The customer had failed to meet its obligations for timely transfer of funds to the Group as per the repayment schedule due to certain restrictions on repatriation of the funds in foreign currency out of Angola. However, following extended discussions and negotiations between the customer and the Group, the customer agreed to execute legal documentation acknowledging the debt and giving the Company a claim over the assets of the customer's camp in Angola, which would allow the Company the right to take a secondary charge over these assets. Accordingly, the Group and the customer subsequently withdraw from litigation proceedings in Houston, Texas, USA and filed its claim against the customer's camp and related assets with the relevant court in Angola and will proceed with next steps in accordance with local Angolan laws. The decision on lawsuit is still pending at the reporting date.

8 ZAKAT AND INCOME TAX

The zakat declarations until years 2019 have been filed with the GAZT. However, the assessments have not yet been raised by the GAZT from 2011 through 2019.

During 2018, the General Authority of Zakat and Income Tax ("GAZT") had issued additional assessments for the years 2007 to 2010 amounting to SR 10.8 million for the Company and its wholly owned subsidiaries. The Company filed an appeal against the GAZT assessments for the said period and, during the 2019, the Company settled the assessments for SR 2.3 million.

During 2019, PPC received a revised additional zakat assessment from the GAZT for the years 1999 to 2014 amounting to SR 2.6 million. b) Income tax

The income tax regulations are subject to different interpretations, and the assessments to be raised by the tax authorities could be different from the income tax returns filed by the respective company. No income tax provided during the period due to the taxable losses.

Zakat and income tax has been computed based on the Group's understanding and interpretation of the zakat and income tax regulations enforced in the Kingdom of Saudi Arabia. The GAZT continues to issue circulars to clarify certain zakat and tax regulations which are usually enforced on all open years. The zakat regulations in Saudi Arabia are subject to different interpretations and new zakat regulations have been issued by the GAZT dated 1 Jumada II 1438H (corresponding to 28 February 2017). The zakat and income tax liability as computed by the Group could be different from zakat and income tax liability as assessed by the GAZT for years for which assessments have not yet been raised by the GAZT.

The management assessed that the fair values of cash and cash equivalents, accounts receivable, contract assets, other current assets, accounts payable, term and short-term loans and other current liabilities approximate their carrying values largely due to the short-term maturities of these financial instruments.

The management has assessed the fair value of non-current accounts receivables, other non-current assets, term loans and other non-current liabilities based on level 2 hierarchy, which is not materially different from their respective carrying values.
